Education

National Institute of Technology, Tiruchirappalli

Master of Computer Applications CGPA: 8.36

Dr. Virendra Swarup Institute of Computer Studies, CSJMU University

Bachelor of Computer Applications CGPA: 8.74

Sardar Patel Academy Inter College

Intermediate Percentage: 87.5%

Aug 2024 – Present

Tiruchirappalli, Tamil Nadu

Aug 2021 – May 2024

Kanpur, UP

Aug 2020 – May 2021

Kanpur, UP

Academic Achievements

- Secured AIR 129 in NIMCET, the national-level MCA entrance examination conducted by NITs.
- Secured the highest CGPA in the 2nd semester of the BCA program.

Experience

SAP Labs Pvt. Ltd.

Software Development Intern

May 2026 – Jul 2026

Bengaluru, India

- Automated the ENG CAND deployment workflow using Java, reducing manual image updates and deployment effort.
- Worked with Jenkins, ArgoCD, GitHub, and Kubernetes to automate enterprise CI/CD build and deployment pipelines.
- Developed an Agentic AI solution using LangChain, LangGraph, Claude, Streamlit, and SQLite for Jenkins log analysis and intelligent root cause identification.
- Used Splunk to monitor application logs, investigate production issues, and support bug resolution.

Technical Skills

- Languages:** Java, Python, C++, SQL (MySQL), JavaScript
- Backend:** Spring Boot, Node.js, REST APIs, Microservices
- Frontend:** React.js, HTML, CSS, JavaScript
- Database:** MySQL, MongoDB
- AI & ML:** Generative AI, Agentic AI, LLMs, LangChain, LangGraph, Prompt Engineering, HITL
- DevOps & Cloud:** Docker, Kubernetes, Jenkins, ArgoCD, Git, GitHub, CI/CD, AWS (EC2, S3, IAM)
- Tools:** Splunk, IntelliJ IDEA, VS Code, MySQL Workbench
- Core CS:** DSA, Object-Oriented Programming (OOP), DBMS, Operating Systems

Projects

Microservices-based E-commerce Application

May 2026

Spring Boot, Eureka, Spring Cloud API Gateway, MySQL, REST APIs, React

- Developed a microservices-based e-commerce application using Spring Boot with independently deployable services, each maintaining its own MySQL database.
- Implemented service discovery using Spring Eureka, centralized routing with API Gateway, and REST APIs for inter-service communication.

Login-Signup and Portfolio

Mar 2026

HTML/CSS, JavaScript, Node.js, MongoDB, AWS (EC2, S3, IAM)

- Built a full-stack Login-Signup page and portfolio using Node.js backend with HTML, CSS, and JavaScript frontend, connected to a MongoDB database.
- Deployed the application on AWS using EC2 for the backend and S3 for frontend hosting, with IAM for secure access management.

Adaptive Learning System using Machine Learning

Jun 2025

Flask, Decision Trees, Large Language Models (LLMs)

- Developed an adaptive learning platform using Decision Trees and ANNs to personalize question difficulty based on student performance.
- Used LLMs for real-time question generation and evaluated model output quality using custom test datasets by measuring relevance and accuracy across difficulty levels.

Positions of Responsibility

VERSION'25 - MCA Department, NIT Trichy

Jan 2026 – Present

HRC Head

- Managed registration and accommodation for participants.
- Served as the point of contact (POC) and guided attendees throughout the event.

PRAKRUTI - NIT Trichy

Sep 2024 – Aug 2025

Member

- Maintained the official website and created digital content for outreach.
- Promoted animal welfare campaigns through engaging visuals.

Extracurricular Activities

- Represented the MCA department in Volleyball during **Sportsfete**, NIT Trichy's inter-departmental sports event.
- Participated in a cooking competition during **NITTFest**, showcasing creativity and teamwork.
